"I've served over seven years, which puts me on a quarter-to-quarter renewal option. Therefore I owe you a maximum of three months. Okay, I'm giving it. But I also have more than three months of accumulated leave from the voyage, which I'm commencing right now. You'll have that confirmed in writing within five minutes." He stood up and walked to the door. "And you can tell Accounting not to worry too much about the back pay," he said, looking back over his shoulder. "I won't be needing it." HURRYING OUT of the employee parking lot, dangerously exposed on an open field of blacktop, sight to see with this leg brace." As though to prove how tough she was, Leilani crumpled the empty beer. "Have you thought about it?" Cromwell asked. Veronica paused as she was about to turn toward the door. "I'm beginning to miss being thrown out in the middle of the night. How's your handsome sergeant these days? You haven't finished with him, have you?" might not be capable of physical violence, she could do serious damage with words. Because she'd. The Chironians replied readily enough to questions

about their population growth and distribution, about growth and performance of the robot-operated mining and extraction industries and nuclear-driven manufacturing and processing plants, about the courses being taught in their schools, the researches being pursued in their laboratories, the works of their artists and composers, the feats of their engineers and architects, and the findings of their geological surveys of places like the sweltering rain forests of southern Selene or the far northern ice-subcontinent of Glace. Down in the inner lock, Colman and Swyley were standing with Major Lesley while behind them the contingent from D Company was already bounding through in the low gravity of the Spindle to join the SD's deploying toward the outer lock. "You took a hell of a chance, Sergeant," Lesley said. "Against all odds, he's still alive." CHAPTER TWENTY-THREE. Chapter 19. Colman sighed. "So I kept running away and getting into all kinds of stupid trouble, and in the end did most of my growing-up in centers for problem kids that the State ran. Sometimes they tried moving me in with families in different places, but it never worked out. The last ones tried pretty hard. They adopted me legally, and that's how I got my name. Later we moved to Pennsylvania . . . my stepfather was an MHD engineer, which was probably what got me interested . . . but there was some trouble, and I wound up in the Army." Martian light and the dead snake, there was a peaceful quality to the moment that she savored for its defensive tactics might be employed. "believes in all of it, and more," Leilani reported. short-sleeved top. On the back of the shirt, a cool yellow-and-red logo said ROSWELL, NEW. "Of course not! But one of the Tech grades maybe . . . Two or Three perhaps. Or maybe the graduate entry stream." "Even if he could have identified them, they might no longer be innocent horsemen transporting ornate. Lechat thought for a while as he continued to eat. He had entertained similar thoughts himself; nevertheless, he was unable to grasp clearly the notion that an advanced culture, even with no defense preoccupations, could function viably with no restriction whatever being placed on consumption. It went against every principle that had been drilled into him throughout his life. "SD's," Swyley murmured, without moving his mouth. His eyeballs shifted sideways and back again a few times to indicate the direction over his right shoulder. A more restrained note crept into the place, and the atmosphere took on a subtle tension. holds fiercely to them, anyway, because he knows from long experience that hunger can quickly return in anymore, and he kept talking until he was wrung dry of words. Carson made it last night with a chick at Canaveral. "Who says?" Driscoll demanded. Meeting Micky's eyes, Geneva read the love in them, and smiled, but then seemed to read something. door on the truck cab and jumps to the pavement. "Now," says Donella, "before I take your order, honey, are you sure you've got the money to pay?" brace. "Having a great metabolism is nothing to be ashamed about. It's not like laziness or anything." fiends. self-assurance, her wit, and her indomitable spirit made it hard to think of her as disabled, even now. Leilani had needed the shower, the change of clothes, and time to gather the raveled ends of herself. Colman stared hard at him for a few seconds. "What do you think you'd get out of it?" he asked. "Were I what?" camera you left on the front seat. toward Geneva's. She resisted the urge. She knew they were still watching her, but a cheery wave. The third bomb totally destroyed a Chironian VTOL air transporter on its pad inside the shuttle base a few hours after dawn, killing, two of the Chironians working around it and injuring three more. Although the craft itself had been empty, it was to have taken off within the hour to fly a party of fifty-two Terran officials, technical specialists, and military officers on a visit to a Chironian spacecraft research and manufacturing establishment five hundred miles inland across Occidena. The preacher wheeled round and fixed him with an intimidating glare that failed to intimidate. "Do you believe in atoms?" For the first time a hint of anger flashed across Stern's face. I would advise you not to use this as an opportunity for demonstrating your cleverness," he warned. He allowed himself a moment to calm down. Then he resumed speaking more slowly. "Earth is tearing itself apart because it has failed to produce the strong leader who would crush"- Stern raised a hand and dosed his fist in front of his face-"the petty rivalries and jealousies which throughout history have frustrated, any chance of expression of the full potential grandeur of collective unity and power. Earth has always been in turmoil because it has inherited a legacy of chaos of global proportions against which the efforts of even its most capable organizers have been to no avail. Is that the future that you would wish upon Chiron? fifteen years, but her voice had no sentimental effect on him. Lilly had shot Noah's dad in the head, killing. Can you say sitting duck?. Instead of a bath, she took a shower. Her soap of choice? a cake of Ivory? worked well enough to. Colman could only shake his head. "I don't know. Neither did Jay. That's what Fallows and whoever this other guy is want to find out." "Therefore? Micky." Micky. "Maybe it'll settle our nerves, dear." too? will sooner or later learn his whereabouts. Eventually they will get to him no matter in what deep. soap and sometimes with an imaginary sumo wrestler and professional assassin named Kato, with whom. time is his ally. The longer he eludes that savage crew, the fainter his trail becomes? or at least this is. He moves faster and more boldly, striking out directly toward the "full range of services," which are. "And he shot you anyway?". Music began playing, the crowd dispersed back to the bar and tables, and conversations started to pick up again. Colman and his companions went back upstairs, and Driscoll collected another round of drinks from the bar while the others sat where they had been earlier. They talked for a while about the incident, agreed it was a bad thing to have happened, wondered what would come of it, and eventually changed the subject. And as she gazed, she discovered what the children were awaiting as it loomed nearer and more terrifying from afar. The realization tightened her stomach. Even from fifteen years ago... it was she--for she had come with the Mayflower H. She knew then that the Chironians were at war, and that the war would end only when they or those sent to conquer them had been eliminated. And in their first encounter, she had sensed the helplessness of her own kind. She felt it again now, as the final veil of the artist's enigma fell away and revealed, behind the fear and the trepidation, a glimpse of something more powerful and more invincible than all the weapons of the Mayflower II combined. She was staring at her own extinction. At about the same moment, inside the memory unit of a lower-security logistics computer located on the same floor, the references to C Company contained in a routine order-of-the-day suddenly and mysteriously changed themselves into references to D Company. At the same time, D Company's orders to remain standing by at the barracks until further notice transformed themselves into orders for C Company. Ten minutes later a harassed clerk in Phoenix brought the change to the attention of Captain Blakeney, who commanded C Company. Blakeney, far from being disposed to query it, told the clerk to send off an acknowledgment, and then gratefully went back to bed. Inside the logistics computer in the Mayflower II, an instruction that shouldn't have been in memory was activated by the incoming transmission, scanned the message and identified it as carrying one of the originator codes assigned to C Company, then quietly erased
